**Presents**

Introduction To Linux

An Introductory session to Debian GNU/Linux 3.0 (Woody) including topics such as: Installing,
configuring, updating, adding new software and cool tricks of the trade.
Includes Q&A Session where YOU can ask your questions.
Will be followed (a week later) by a Linux Install Day.

Presented by: Stewart Smith (Vice President, Linux Australia)

CSSE Seminar Room (Room 135, Building 26), Clayton

April 4th, 12:30pm - 1:30pm (Q&A until 2.00pm)
